EXPLANATORY NOTES

SECTION 1 corrects a reference to the regulation-making authority in the Introduction to the regulations.

SECTION 2 amends clause 1(a) of the regulations to refer to the chapter number of the current *Public Health Act*. It also amends clause 1(k) of the regulations to delete a reference to section 11 of the former *Public Health Act* in the definition of “license”. The reference should be to section 14 of the current *Public Health Act*.

SECTION 3 revokes section 2 of the regulations and substitutes a new section 2 that establishes a new licensing process for milk processing plants based on the authority and organization provided in the new Act. An applicant for a license or a renewal of a license is required to provide detailed information respecting the proposed milk processing plant and its intended operations, including the products to be processed, and to pay the license fee of \$300. A license holder is required to report changes in the information on which the license is based to the Minister as soon as practicable, and the minister may revoke a license where the information has changed and issue a new license based on the new information provided, on payment of the fee. Where terms and conditions are imposed on a license in accordance with subsection 14(4) of the Act, the Minister is required to notify the license holder in writing of that fact. Terms and conditions may relate to

- production processes;
- products that may be processed;
- use of equipment;
- employment in production processes of persons who are not fully qualified; or
- storage of raw materials prior to processing.

SECTION 4 amends the opening words of subsection 3(1) to clarify that a suspension of a milk processing plant license under that subsection may be for a term of up to 30 days. The section amends clause 3(2)(b) to delete the term “operator” and substitute the term “license holder”, for consistency. The section revokes clause (3)(b) and substitutes a new clause (b) to clarify the term of a suspension that may be imposed on a license holder.

SECTION 5 revokes subsection 4(3) of the regulations. The Act now provides an appeal process for persons whose licenses are revoked.

SECTION 6 amends subsection 5(1) of the regulations to delete a reference to section 11(6) of the former Act and substitute a reference to 14(4) of the current Act.

SECTION 7 amends subsection 8(11) by deleting the words “within one hour”. The imposition of this time period was found to be unnecessary.

SECTION 8 amends section 21 of the regulations to correct an error in numbering.

SECTION 9 amends a number of provisions to change the title “Chief Health Officer” to “Chief Public Health Officer”, for consistency with the terminology of the Act.

SECTION 10 amends a number of provisions to change the title “health officer” to “public health official”, for consistency with the terminology of the Act.
