EXPLANATORY NOTES

SECTION 1 revokes Schedule B-1, Collector Highways, and substitutes a new Schedule B-1. The majority of changes are administrative in nature as many areas formerly identified as settlements are now referred to as Communities and some areas are now part of Rural Municipalities or Towns. There were also several Collector Highway sections that were formerly reclassified from Arterial Highways but the effective date of reclassification to Collector Highways was not correct, and these have been corrected. The section also revokes Schedule B-2, Infilling Areas, and substitutes a new Schedule B-2. Similar to Schedule B-1, the majority of changes are administrative, involving name changes and rearranging the order of the roads to ensure they are in numerical order. There are also two new additions or extensions in Infilling Areas, namely Route 6 in Stanley Bridge and Route 4 in Murray River.

SECTION 2 provides for the commencement of the regulations.
